

NAIL CREATION CATALOGUE

Welcome

This catalogue contains the most complete product range available, featuring the very latest developments and trends in nail styling and nail art. Nail Creation offers not only the highest quality products on the market, but also allows you to take advantage of more than 26 years of knowledge and experience at the highest level in the nail industry.

Nail Creation was established in 1993 by Armand Hoes, the first to introduce acrylic nails to Europe. Nail Creation has since grown to be an international organization with its own factory for producing nail products and with worldwide exports to many countries. The foundation of our success lies in the impeccably high quality of all products and the high service level and assistance offered to our customers.

Nail Creation not only sells nail products, but also offers guidance to its customers by means of a complete concept that ensures success in any salon. An extensive education program, specializations, retraining and refresher courses, ensure that you always remain up-to-date on the latest developments and trends.

Choosing Nail Creation means choosing a successful future with exceptional support and guidance. With our help, you can make your passion and dream a reality.

Kind regards,

Armand Hoes
Director of Nail Creation

Acrylic PLATINUM SYSTEM

Don't settle for less. Choose the Platinum Acrylics series from Nail Creation. Special additives incorporated into the product allow you to create flexible nails, and don't produce air bubbles. Product with medium setting time. This system is perfect for nail stylists who accept nothing less than perfection.

Platinum Liquid

Sophisticated liquid that contains special additives which eliminate the need for primer. Also contains plasticizers and UV Inhibitors.

Platinum Liquid 2.0

Using Nail Creation Platinum 2.0 liquid is ideal for clients who suffer from 'lifting' of the artificial nail. This liquid does not harm the natural nail and assimilates fast and easy. Platinum 2.0 is very economical and thus it saves time and money. Contains color stabilizers and a UV filter. Using a primer is optional. Extra benefit is that the odour is less than regular liquids.
